

Access personal HOA account information, documents, and a link for paying your HOA fees all through one web link. The Caliber Owner Portal is provided to you as a complimentary service. You are not required to use the portal. If you own more than one unit within an association, you will have to create a separate account for each unit.

To access the portal, go to: https://caliber.cloud/CaliberWeb2_CommunityHOAM

- Click CREATE LOGIN
- Enter your HOA account number and the email we have on file for you. You must use the email address we have on file, or you must update your preferred email with us FIRST before registering for the web portal. Call or email Community HOAM if you do not have your account number or don't know what email we have on file.
- After clicking SUBMIT REGISTRATION, you will be sent a link to your email. Please click on this link or copy and paste into your browser. From here you will be able to set up your preferred user name and password.
- The screen will look like this:

- At this point you can customize the screen to show what views you would like to see when you log in by clicking the appropriate icon in each section.
- On the left, you will see the PAY NOW button. By clicking this button, you will be redirected to the same online payment portal with Western Alliance Bank as you may have accessed through www.communityhoam.com, or your association website.

- Click PROFILE at the top to update your contact information with the HOA, set your preferred communication methods, add contacts, and change what is reflected in the community directory.
